

# 21 DV Wilmington Face

Pewter 98500340

Black 98500341

## Compatibility:

- 21DV Fireplace

## Packing List:

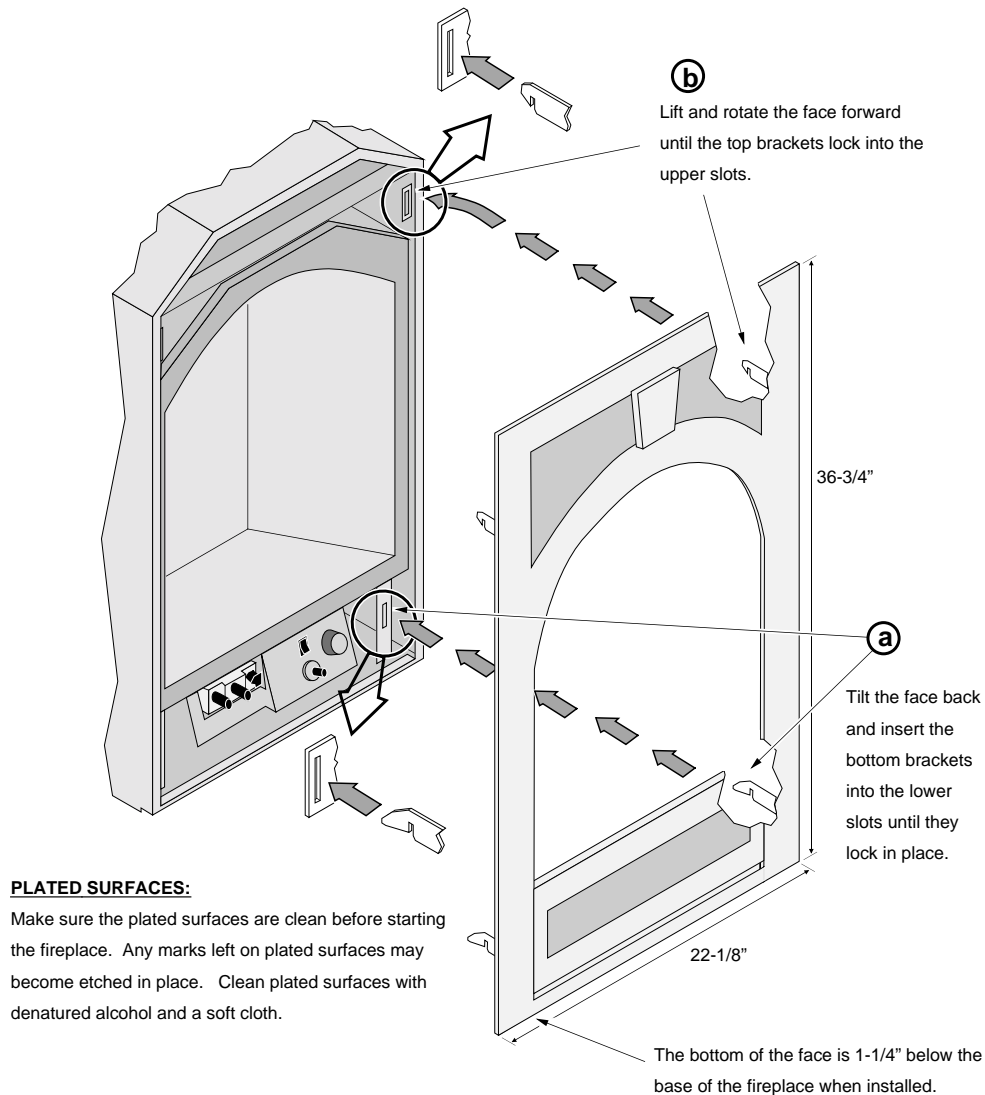

- Face

## Aromatherapy Option

This face is compatible with the aromatherapy tray (SKU 98500385). If using this option, make the necessary modifications to the face prior to installing the face (see page 2 of this instruction sheet for details).

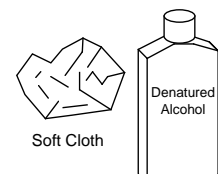

## Installation

! Make sure the fireplace is cool while installing the face.

## Plated Surfaces

Use denatured alcohol and a soft cloth to clean plated surfaces. Marks left on the surface may damage the face.

## Grill Installation

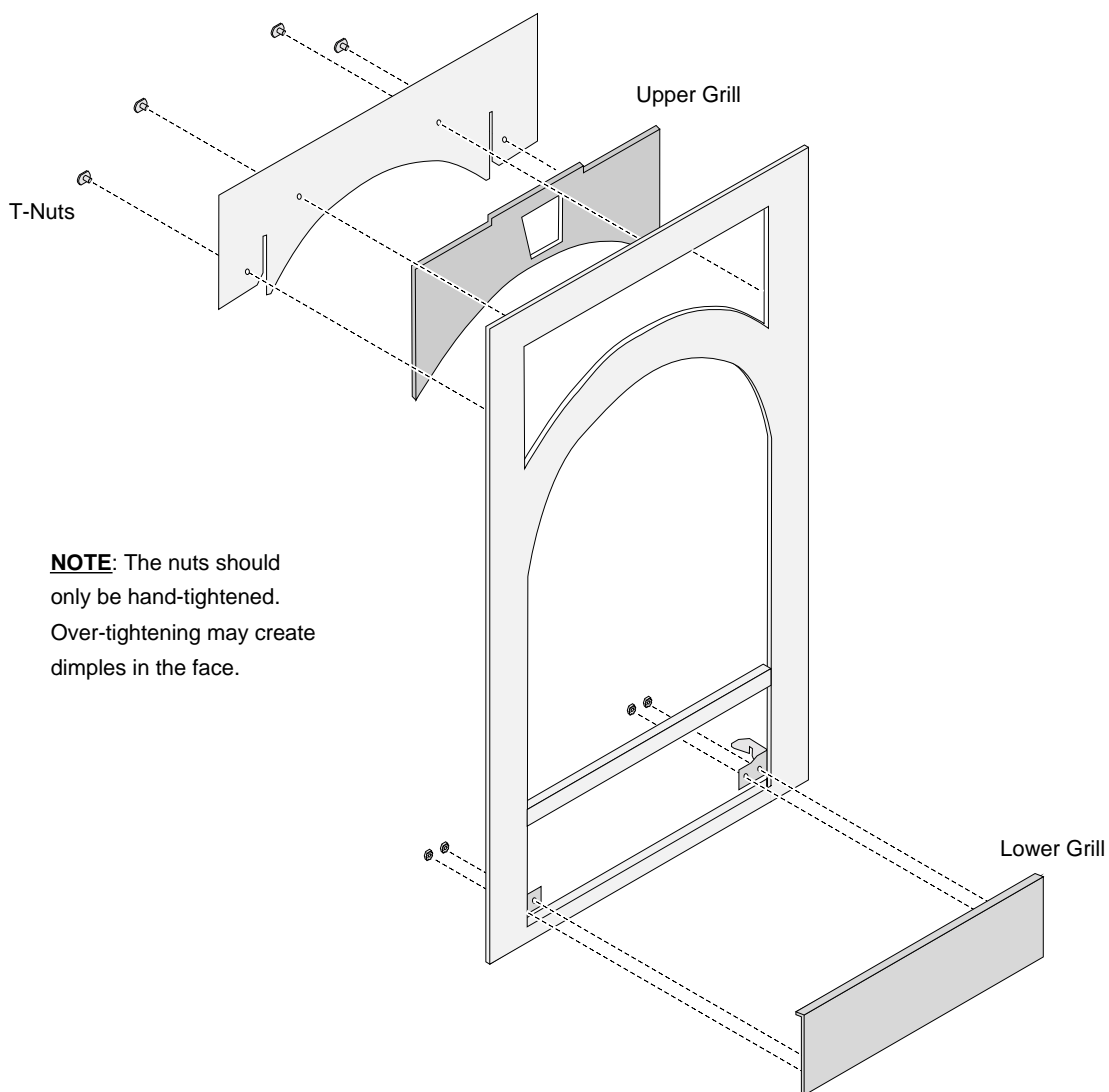

If using the optional grill install it following the directions below.

- 1 Remove the keystone.
- 2 Replace the stock grills with the optional grills (see the illustration below).
- 3 Replace the keystone.

**NOTE:** The nuts should only be hand-tightened. Over-tightening may create dimples in the keystone.

Keystone

**NOTE:** The nuts should only be hand-tightened. Over-tightening may create dimples in the face.
